Kids Are Worth It!

Parenting With Wit & Wisdom

An evening packed with solid practical advice for parents and educators of children from toddlers to teenagers, that shows how to create an environment in which children can become self-disciplined, compassionate, responsible, resourceful, resilient human beings who can act in their own best interest, stand up for themselves and exercise their own rights while respecting the rights and legitimate needs of others. Barbara will discuss the keys to good parenting/teaching: treating kids with respect; giving them a sense of positive power in their own lives; giving them opportunities to make decisions, take responsibility for their actions and learn from their successes and mistakes.
