Feedback from 2013

Students

"I understand a lot more now about AT".

"I liked that it was relaxed and that I could ask questions".

"The instructor was very well informed".

"This camp was awesome"!

Parents

"Great tips and appreciate the handouts and trial discs for follow up".

"He can see the bigger picture now (not just a program on the class computer). Now he can begin connecting the assistive technology to his home life as well".

"We are new to assistive technology. We had little understanding of its capability. It was impressive"!
