

The Learning Disabilities
Association of Sudbury and
Cambrian College
Host

The Learning Disabilities Association of Sudbury is once again partnering with Cambrian College to offer Let's Talk Science.

A link to attend the sessions will be send to you by email once registered. You will also receive a full kit of the supplies needed to take part in the experiments.

Make your Own Green House, Alka Seltzer Rockets and Edible Soil are just a few of the fun experiments we have lined up this summer.

Register today to join in on the fun!
