

TECHNOLOGY FOR LIFE

The Learning Disabilities Association of Sudbury will be hosting a technology series throughout the month of February. Join us virtually on Tuesdays to take part in these one-hour awareness workshops on the uses and benefits of the technology world.

This series will cover the following topics:

Power to the Learner: Read & Write, Tues. Feb. 7, 2023, 6:30 p.m.

Krissy Bouthillier, The Learning Disabilities Association of Sudbury

➡ How to use technology to help with writing, spelling, and editing.

Technology for You (Gr 7-8), Tues. Feb. 14, 2023, 6:30 p.m.

Yvan Roy, Cambrian College

➡ Technology can help with reading, writing, organization, etc. What do you need to know?

Numeracy, Tues. Feb. 21, 2023, 6:30 p.m.

Eric Bacon, Rainbow District School Board

➡ How can you use your computer to help you with math?

Technology for Postsecondary (Gr 11-12) Tues. Feb. 28, 2023, 6:30 p.m.

Yvan Roy, Cambrian College

➡ What technology is available at the postsecondary level for students with learning disabilities? What you should know!
